GOOD TO KNOW

Motorstep lifts can be purchased VAT free in the UK by registered disabled customers or customers with chronic illnesses

MOTOR STEP

THE LEADING MOTORISED STEP LIFT FOR HOMES INCLUDING STATIC AND MOBILE HOMES

Designed specially for those with disabilities

MOTORSTEP MS300H

For inside and outside of your home

Specifically designed for homes and gardens, the MS300H features a compact lift height of 12 inches, making it perfect for smaller steps. Its battery-powered design eliminates the need for a mains power supply, offering convenience and versatility.

MOTORSTEP MS600H

For inside and outside of your home

Love your independence! Motorstep lifts you effortlessly up a step into your front door, out into the garden or into a raised room, allowing you the freedom to go where you choose. Easy to set up and pack away, this discrete platform is safe and very effective.

MOTORSTEP MS800H

For inside and outside of your home

Higher lift height of 32 inches
For higher steps around the home
For static caravan doorways

For homes with large decking

“

Motorstep has been such a great help in my home, I have a large step between my kitchen and living room and being an old house there was not enough room for a ramp. Motorstep is so easy to use and it's allowed me to stay in my home without costly building work.

MRS HARRIS, WINCHESTER
